Rahul Kumar

Front End Developer

+91-6386079508 rahulkumar2001son@gmail.com Gurugram, INDIA 3 Years of experience

Frontend Developer with over 3 years of experience building scalable, data-driven Angular and TypeScript applications for a multi-product FinTech SaaS ecosystem. Delivered platforms for global tax filing (US, India, UK), workforce mobility, HNI wealth management and multi-currency invoicing. Strong in REST API integration, role-based access control and workflow automation, with hands-on experience in React.js and Next.js. Proven ability to build reusable UI components, collaborate with cross-functional teams using Git and Jira, and deliver high-quality, responsive web applications.

KEY SKILLS

✓ Angular ✓ TypeScript ✓ JavaScript ✓ React.js ✓ Next.js ✓ HTML5 ✓ CSS3 ✓ Bootstrap
✓ Responsive Web Design ✓ REST APIs ✓ MySQL ✓ WordPress ✓ Power BI ✓ Git ✓ Jira

WORK EXPERIENCE

Front End Developer
Jul 2023 - Present

MobilitySQR

- Developed scalable Angular-based web applications for tax, financial, and enterprise workflow platforms, enhancing overall usability and performance.
- Built reusable UI components and shared services used across multiple products to accelerate feature delivery.
- Integrated REST APIs and implemented role-based access control for clients, internal teams and administrators to ensure secure workflows.
- Collaborated with backend, QA and product teams using Git and Jira to ship features in regular releases.

PROJECTS

TaxSQR — Global Tax Filing Platform
35 Months

- Built guided filing workflows for US, India and UK tax returns, including structured handling of Form 1040.
- Developed document upload, extraction and validation screens to convert client documents into tax-ready data, reducing manual data entry.
- Integrated APIs across the filing lifecycle from client input to final submission to support end-to-end tax filing.
- **Impact:** Simplified complex tax filing into a guided, product-driven experience.

MobilitySQR — Global Mobility & Compliance Platform
32 Months

- Built dashboards tracking employee assignments, travel days and tax exposure across multiple countries.
- Implemented role-based access for three user roles: clients, internal teams and administrators.
- Created compliance-risk components that flag cross-border issues early for client organisations.

HNISQR — HNI Wealth & Family Office Platform
22 Months

- Developed secure modules for high-net-worth clients to manage assets, income and investments in one dashboard.
- Integrated tax and financial data into a unified wealth-and-compliance view for premium users.

Invoice Management System — Financial Operations Platform
8 Months

- Designed and implemented invoice generation, tracking and payment management features.
- Built multi-currency billing support (USD, INR, GBP) and integrated invoicing with tax and mobility services.
- Developed user-friendly UI to track invoice status and financial records, improving operational workflow.

EDUCATION

MS/M.Sc(Science) | Chemistry
2024

Mahatma Gandhi Kashi Vidyapith, Varanasi
Grade - 6.5/10

B.Sc | Mathematics 2022
Swami Harsewanand Mahavidyalaya, Sonbhadra
Marks - 74%

12th 2018
Uttar Pradesh, Hindi
Marks - 70%

10th 2016
Uttar Pradesh, Hindi
Marks - 74%

EXTRA-CURRICULAR ACTIVITIES

Technical Collaboration

Collaborated with cross-functional teams (backend, QA, product) to deliver features using Git and Jira, improving release cadence and code quality.

ACHIEVEMENTS

Product Impact

Contributed reusable Angular components and services adopted across multiple products to speed up feature delivery and maintain UI consistency.
